The Collegio recognizes the following benefits, based on the ranking in the competition and considering the economic conditions of the candidates' families:

a) Applicants with an ISEE-Università indicator of less than or equal to € 24,335.11 benefit from a reduction of € 10,500. Applicants entitled to this benefit are required to apply for an EDiSU (Ente per il Diritto allo Studio Universitario) of Pavia scholarship (for the deadline see the site www.edisu.pv.it); should it be awarded, two thirds of it has to be paid to the Collegio.

The subsidy granted to candidates who live alone or in a family unit other than that of origin, or who are children of separated or divorced parents, is determined taking into account the overall economic and financial situation. In order to avoid cross-transfers of money, the concessions are provided by compensation with the amount owed by the pupil for the maintenance of the place (€ 10,500). The Board of Directors reserves the right to annually modify the criteria for determining the concessions.

The above concessions are not applicable to those who take advantage of other concessions or benefits.
